## The Rising Sun Stove Polish Factory

- AND -

## BLACK LEAD WORKS.

These Works, a cut of which is given herewith, are believed to be the largest Stove Polish manufactory in the world. "The Rising Sun Stove Polish," manufactured at these works, has a national celebrity; is a household word; and sold by Grocers, Stove Dealers & Druggists, from beyond the St. Lawrence to the Rio Grande. Its manufacture was commenced in 1861, but not until 1865 did the business assume anything like its present gigantic proportions, since which the sale of this article has nearly doubled every year, until now the daily product of the "Rising Sun Stove Polish" is ten thousand packages per day, and quantities of these goods are shipped to every section of the country. It is believed that "The Rising Sun Stove Polish," for beauty of gloss, for saving of labor, for cleanliness, freedom from odor when heated, and for cheapness, is truly unrivalled in any country.
